**Sec. 7.** NAC 502.4189 is hereby amended to read as follows:

502.4189 1. Each applicant in a drawing for a tag for a season receives a number of additional draw numbers that is equal to the number of bonus points that he or she has accumulated squared, as expressed in the following equation:

$$n=b^2$$

where “n” is the number of additional draw numbers and “b” is the number of bonus points. The number of additional draw numbers determines the number of draw numbers for the species or category of the species for which the application was submitted. The applicant’s lowest randomly assigned draw number is the number used for the drawing.

2. Except as otherwise provided in subsection 5, bonus points accumulated by a person for a ~~[species-or]~~ category of species, *subspecies, and gender* cannot be transferred to any other person or any other ~~[species-or]~~ category of species, *subspecies, and gender*.

3. Any bonus points accumulated by an applicant automatically transfer with the applicant if the applicant changes his or her state of residence. Bonus points transferred pursuant to this subsection apply to the same ~~species-or~~ category of species, *subspecies, and gender* to which they applied before the transfer.

4. The number of bonus points applicable to applications submitted by a group pursuant to NAC 502.4185 for tags is the quotient of the total number of points held by the members of the

group divided by the number of members in the group, rounded to the nearest whole number.

5. *Bonus points associated with a junior hunt are not distinct from and automatically transfer to those associated with a general hunt. If the junior hunt for which the application was made allows for the harvest of an antlered or antlerless mule deer, the bonus point will be issued in the category of antlered mule deer.* ~~[If a person becomes ineligible to apply for a junior hunt for deer pursuant to NAC 502.333 or becomes ineligible to participate in a junior hunt for deer because of his or her age, each unused bonus point accumulated by that person for a junior hunt for deer automatically transfers to the category for antlered mule deer. The provisions of this subsection do not apply to a bonus point accumulated by the person for a junior hunt for deer in a year in which the person also accumulated a bonus point in the category for antlered mule deer.~~

6. ~~If a person becomes ineligible to apply for a junior hunt for wild turkey pursuant to NAC 502.333 or becomes ineligible to participate in a junior hunt for wild turkey because of his or her age, each unused bonus point accumulated by person for a junior hunt for wild turkey automatically transfers to the category for wild turkey.]~~
